PROSPECTUS 2015 - 2016

THE KALYANI SCHOOL

which every child and parent will love

ABOUT US

Our journey of transforming lives

The Kalyani Group (TKS), headquartered in Pune and more popularly or better known by its flagship company, Bharat Forge Ltd., established in mid 1960s, is an Indian MNC with high technology, engineering and manufacturing capability across critical sectors such as Engineering Steel, Automotive, Industrial, Renewable Energy, Urban Infrastructure and Specialty Chemicals. Guided by the visionary leadership of Mr. B. N. Kalyani, Group Chairman, with strong emphasis on market leadership through technology and it's over 10,000 strong engineering global workforce, the group today is a market leader in all its respective business segments. The group takes pride in being at the forefront of a globalising India and to contribute in making 'Made in India' a global high-tech brand in the manufacturing industry.

The Kalyani Group strives to be a world-class organisation and a leader in every aspect of its business. Innovation has been the driving force behind the group and is applied across every aspect of the business. The 'Spirit of innovation' fuels the group to aggressively grow businesses by accessing global markets, to deliver products and services of uncompromising quality and integrity, consistent with the Kalyani brand and image.

At The Kalyani Group, we understand that success in business is deeply rooted in the progress of the society. The Kalyani Group has taken several initiatives in the fields of education, health, green energy, community development, sports and employee welfare. Our corporate social responsibility begins with a safe environment for our employees and extends beyond to educational and community development programmes. The group has also received the 'India Shining Star CSR Award' and the 'Golden Peacock Award' for its several initiatives in Safety and CSR.

By establishing the 'Pratham Pune Education Foundation' (PPEF), The Kalyani Group began the challenging task of making primary education accessible to the less fortunate. Over the past 10 years, since its inception, PPEF has touched the lives of over 1,50,000 children in Pune and has become an important catalyst for women's empowerment.

It is the spirit of innovation and commitment to excellence, in everything we do, which has been the driving force to provide quality in each of our endeavours.

PROMOTERS

“I am extremely happy that The Kalyani Group is adding an institution of creative and innovative learning to Pune that will provide a new avenue for young minds to experience holistic, well-rounded development.”

- B.N. Kalyani, Chairman, Kalyani Group

“Our school will have a nurturing environment where young minds will be moulded to create a positive influence on society.”

- Sunita Kalyani, Trustee Akkutai Kalyani Trust

“We are establishing an institution that will have a lasting impact on Pune and its future generations by not only imparting academic knowledge but also by building sound values, strong ethics and a sense of community spirit.”

- Amit Kalyani, Executive Director, Bharat Forge

“I envision an environment which is happy and cheerful. Children will be respected and have equal opportunity. The school will be a community of students, teachers and parents. I would want every child to blossom to their full potential.”

- Deeksha Kalyani, Director, The Kalyani School

THE STORY OF OUR EMBLEM

The Kalyani School (TKS) stands for leadership on two counts. The school stands out from the competition by the level of high quality education it imparts, and its curriculum and methodologies are designed to foster future leaders, in every student.

The torch has been a symbol of leadership since time immemorial. Even today the torch is a revered symbol of two important characteristics of humanity - the undying quest for eternal knowledge, and the courage to be bold enough to apply that knowledge.

The representation of 'The Kalyani School' as the torch-bearers of modern education is visualised in the logo.

The tagline 'Akshayam Gyanam' represents the undying quest for knowledge that has been a hallmark of the brightest of humanity. This is embodied by the torch and gives the logo and tagline synergy. The learning one takes from the school will remain with them for a lifetime, i.e. eternity.

'Sanskrit' is the chosen language for the tagline as it is more than just a language; it is a symbol of knowledge, education and enlightenment.

School model

1 Canteen

2 Central courtyard

3 Academics

4 Admin block

5 Drop-off point

6 Separate entrance to Primary classes

7 Multipurpose Hall

VISION

To provide a harmonious, stimulating learning environment which inspires all to strive for excellence and emerge as responsible citizens.

MISSION

To become a beacon of excellence in the teaching-learning process by nurturing an environment built on ethics and values. Providing vast, well-equipped learning spaces to optimise each student's potential. Continuously evolving to manage change.

CORE VALUES

The values we wish to inculcate

INDIVIDUALITY

Develop a unique thought process and respect for oneself

SINCERITY

Inculcate an honest approach towards life

DIGNITY

Dignity of labour and commitment towards work

EQUALITY

Treat everyone with equal importance

EMPATHY

Be considerate towards others

SCHOOL HIGHLIGHTS

- ▶ Quality education
- ▶ Well qualified, trained and experienced teachers
- ▶ Academic excellence supported by co-curricular activities
- ▶ Balance between academics and sports
- ▶ Creating well-rounded personalities
- ▶ Systematic and holistic education
- ▶ Healthy teacher-student ratio for a better attention span
- ▶ Unshackled learning spaces
- ▶ 22,000 sq. ft. of student delight area, the central courtyard
- ▶ A multi-purpose hall spread over 12,000 sq. ft.
- ▶ Encouraging children to reach out & explore
- ▶ An unparalleled 3.5 acres sports complex and academy managed by Pune's second professional I-League football team – Bharat FC
- ▶ Activity rooms to foster and grow artistic abilities
- ▶ Infuse values of Indian heritage, culture and tradition
- ▶ State-of-the-art infrastructure and facilities
 - . New-age classrooms
 - . Flexible seating
 - . AV learning facilities
- ▶ Association with The Shri Ram Schools to bring in the best practices

BRIEF ABOUT THE SHRI RAM SCHOOL

Our esteemed academic associates

THE SHRI RAM SCHOOL

The Shri Ram School is a co-educational private school in India, founded by Mrs. Manju Bharat Ram in July 1988 under the aegis of SRF Ltd. and now the SRF Foundation. Mrs. Manju Bharat Ram, founder and chairperson of The Shri Ram School, was conferred the Padma Shri posthumously for her valuable contributions to social work. The Shri Ram School has three campuses spread across the National Capital Region of India. The Shri Ram School has been in the educational field for the past 26 years and has been rated amongst the **top 5 schools in the country** for consecutive 6 years.

Although it is an English medium school, Indian culture is strongly valued. It is one of the most sought after schools in the country. It is also recognised for academic excellence and is considered to be the number 1 private school in the country. It is consistently ranked as not only one of the top 10 schools in India, but also amongst the top schools of Indian background in all of Asia, Europe and the United States of America, including embassy schools in other countries and ISC schools across the globe. It is run by one of the oldest educational trusts - The Bharat Ram Group, in India.

It is one of the only few schools in India that offer the IB curriculum along with an Indian board curriculum. Children of influential business figures, politicians, designers, actors, sports figures, academicians, economists, writers, artists, diplomats, lawyers, journalists and various other fields have for many years been the alumni of this school. The school also boasts of one of the highest rates of acceptance into top tier universities and institutions within India and other countries across the globe.

PHILOSOPHY

The Shri Ram Schools are progressive, secular, child-centred, co-educational private schools, committed to providing quality education for all their students. The philosophy rests on the interpretation of 'education' as drawing forth what already exists.

Inclusive education is a pairing of philosophy and pedagogy with the aim of ensuring that no child, however different from expectations and general norms, feels alienated and inadequate. Each child must feel confident of himself or herself and his or her abilities and capacities as well as respected and wanted for what he or she is and therefore safe and secure. With this comes learning and developing, taking into account differences in strengths and shortcomings.

Children of The Shri Ram School are sensitised to accept and respect differences. This gives all children a chance to grow as individuals and to realise their own potential and to reach their goals. To ensure that every child's individual need is catered to, there is a 'Special Needs Department', which has been in existence since 1997.

SECONDARY AND SENIOR SECONDARY SCHOOL:

The Senior School – Grades VIII to XII, would follow the CBSE syllabus. Here too the endeavour would be to make learning more student-centric and interesting. Therefore, the focus would be on projects and presentations based on group activities, which inculcate the values of teamwork.

SOME OF THE APPROACHES THAT WILL BE ADOPTED ARE:

- ▶ Active and Process/Product Based Learning
- ▶ Reflective Learning
- ▶ Social Learning
- ▶ Inquiry Based Learning
- ▶ Integrated and Inter-disciplinary Learning
- ▶ Research and Referral
- ▶ Out-of-the-box Thinking

The Kalyani School (TKS) would follow the Continuous and Comprehensive Evaluation (CCE) as prescribed by CBSE, which is a school-based evaluation of a student that covers all aspects of a student's development. This method will be built into a total teaching-learning process and spread over the entire span of the academic session. It means regularity of assessment, frequency of unit testing, diagnosis of learning gaps, use of corrective measures, retesting and feedback of evidence to teachers and students for their self-evaluation.

TEACHING METHODOLOGY

“We help unleash the potential within every student”

The contemporary and unique curriculum of The Kalyani School (TKS) shall be a blend of the best in National and International curriculum.

The whole curriculum would seek to actualise the potential of each student by equipping them with the necessary skills and prepare them to face life's challenges with Courage, Conviction and Confidence.

The school would offer child-centric education that is both interactive and experiential. The teaching method would be a diverse mix of the most recent innovations in education and tutoring research. Teachers would act as facilitators and guide the students in their learning using activities, audio-visual stimuli, projects and presentations.

PRE-PRIMARY:

The curriculum for Pre-primary - KG 1 and KG 2, would be play-based and child centered recognising the students' multiple intelligence and encouraging creative thinking. A day at the Pre-primary would involve much free play, both indoors and outdoors with adequate structured time.

PRIMARY THROUGH MIDDLE SCHOOL:

Primary School would cover a period of five years - Grade I to V, during which the basic skills in all students would further be enhanced and higher level skills would be introduced to challenge them and stimulate their interest.

In the Middle School years - Grade VI to VIII, (as also in the Primary years) the curriculum is designed for students to experience the joy of learning, gain a deep understanding of important concepts, develop research and experimental skills and learn to accept personal responsibility for actions, decisions and outcomes.

Along with these essential scholastic areas, the rich and varied co-scholastic programmes at TKS would include exchange programmes, educational trips and community service.

Our goal aims to help each student attain the fullest of their potential along with the fundamental knowledge and skills that will allow them to function effectively as a participating and contributing citizen in our society.

FACILITIES

“We offer the best that every student deserves”

LIBRARY / INFORMATION CENTRE:

To carry forward academic excellence the school provides two well stocked libraries to its students --The Junior Library and the Senior Library. The Junior Library is mainly meant for students up to Grade V and the Senior Library for students from Grade VI onwards. The libraries have been carefully stocked with age appropriate books targeted towards fun and learning. Along with traditional reading the school offers an e-books section encouraging the love for reading from a very young age. Apart from educational books the students have access to a variety of fiction and informative books to read, learn and have fun from.

LABS & WORKSHOPS:

Theory lessons and practical experiments will get conducted in the Science laboratory to help students understand practical applications. Apart from this we will also be having other Labs like General, Maths, Language to help students polish their skills.

LEARNING TERRACES:

We understand that learning within the four walls can become very boring and monotonous at times. So, we would provide our students with open learning terraces where they would not only have curriculum based studies in the open, but it would also be a platform to facilitate learning through various educational and recreational activities to develop their interaction skills and overall personality.

CENTRAL COURTYARD OF 22,000 SQ. FT.:

Students delight area representing the life space of the school and providing ample place for assembly, sports and for students to explore, learn and mingle.

CO-CURRICULAR ACTIVITIES

“We ensure our students have a good time while learning”

AN UNPARALLELED 3.5 ACRE SPORTS COMPLEX:

Allowing most outdoor sports activities like Football, Cricket and Indoor Sports like Basketball, Badminton, Table Tennis, etc.

MULTI-PURPOSE HALL:

With 1500 seating capacity where students have access to indoor educational and recreational activities and indoor sports like Yoga, Basketball, Self-defense activities, etc. The hall also provides a huge platform for various cultural events, seminars and ceremonies in the school which would help students aspire for their dreams. Another striking feature in the school is its Amphitheatre where most of the functions and school events will take place.

ACTIVITY ROOMS:

To foster creativity and expand artistic qualities of our students, the school will provide studios for **Art & Craft, Dance, Music and Theatre** for ample practice.

‘We believe, students active outside the classroom do better inside the classroom.’

BHARAT FC:

An initiative for betterment of sports

Pune's second professional I-League team, the first wholly owned by Pune-kars. Bharat FC has kicked-off its inaugural season on the 17th of January 2015. The club's crest prominently displays India Gate and a majestic Lion. Bharat FC, though a Pune-based team, aspires to be a football club that is supported throughout the country. The club's primary colours are blue and red. Blue denotes 'truth' and 'loyalty' while red signifies 'passion' and 'vitality', values that everyone at Bharat FC held in high esteem.

BHARAT FC ACADEMY:

Bharat FC plans to establish its own academy at The Kalyani School in Manjri, Hadapsar to promote sports, sports education and training, specially 'football'. The academy will have a full-size natural grass pitch along with Astro-turf. The academy will also have a gym, specifically tailored towards the conditioning and training requirements of professional footballers. Apart from the Bharat FC team, the cutting-edge training facility will be used by the Bharat FC under-19, under-17, under-15 and under-12 teams as well as the Bharat FC soccer school programme.

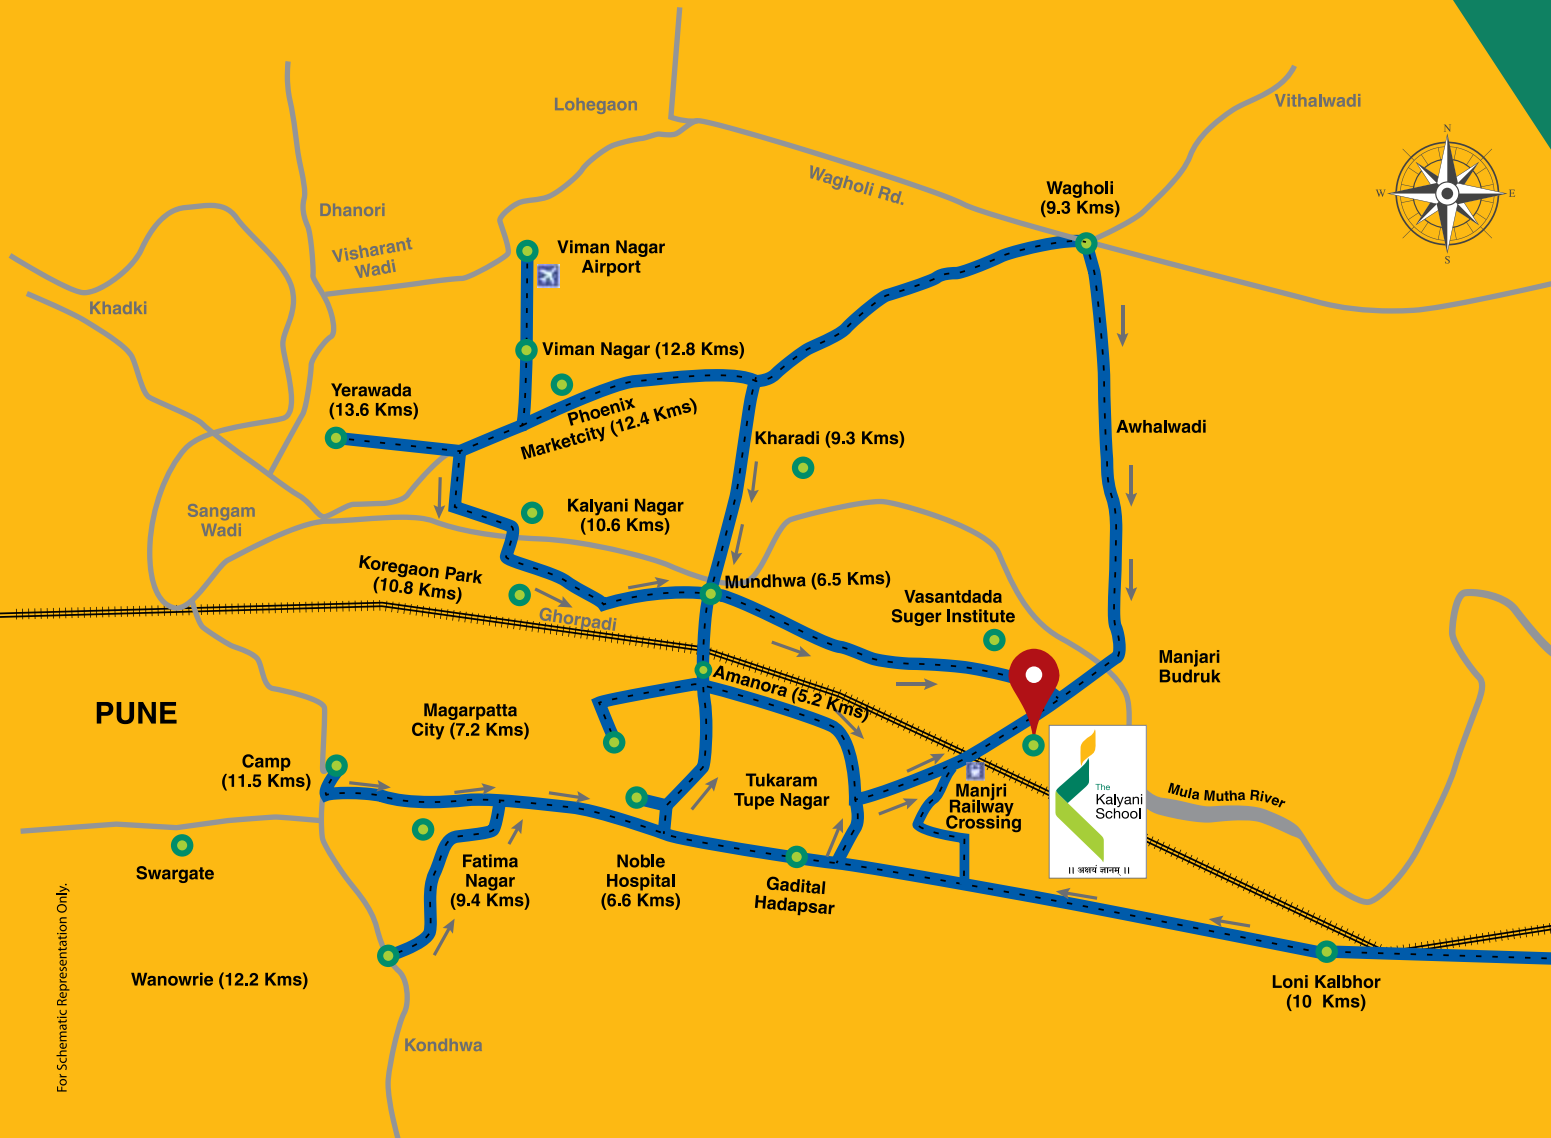

SAFETY OF YOUR CHILD IS OF PARAMOUNT IMPORTANCE FOR YOU AND FOR US AT THE KALYANI SCHOOL

We take great care to ensure every student is safe

Some of the steps we are taking for the safety are:

- CCTV Surveillance – 360 degree monitoring and a central security room
- Female support staff preferred
- Bio-metric attendance system linked to parent's mobile
- Teacher staff rooms spread through the school
- Infirmary and first-aid centre
- School staff to receive primary school children
- Cameras proposed in school buses with lady attendants
- School buses will drop and pick up children within a secured area inside the school premises
