## How are the PSAT Suite of Assessments (PSAT 10) helpful?

- **The PSAT 10 to measure readiness for college, access scholarships, and practice for the SAT and other competitive exams**
- The PSAT offers students an excellent and cost-effective way to practice for the SAT; PSAT assesses the same skills as the SAT but in a grade-appropriate way
- The detailed score reports help students and educators gain a deep understanding of the student's strengths and weaknesses, so they are better prepared for the SAT
- Students can send their PSAT score report to their free Khan Academy SAT practice account and get free, customized recommendations on how they should prepare for the SAT, based on their section-wise / question-wise performance on the PSAT

### **Exam Format and Duration**

The PSAT 10 takes 2 hours and 14 minutes and consists of two sections: (1) the Reading and Writing section, and (2) the Math section. Most of the questions are multiple choice, though some math questions ask you to write in the answer rather than select it.

### **Preparation Resources**
